

## SOFT ON YOU. EASY ON THE PLANET.™

green<sup>®</sup>  
heritage  
pro

The gradual market shift in favor of environmental products is undeniable and growing stronger. But this isn't news to us. With a history of sustainable manufacturing that reaches back 36 years, few companies—if any—have the “green” credentials of Resolute Tissue.

*But our story doesn't end there.*

Our Green Heritage<sup>®</sup> brand of bath tissue and towel products is more than just environmentally friendly; every Green Heritage product is carefully crafted to be a pleasure to use, delivering all the visual appeal, softness and strength you want.

At Resolute Tissue, we're committed to delivering superior quality at a great value. After all, when you've been “green” as long as we have, you pick up some efficiencies along the way.

And that can be a pretty good deal for both the environment and you.
