

## HARMONY® PRO: A BALANCE OF SOFTNESS AND VALUE

### HARMONY PRO

You no longer have to choose between quality and cost when it comes to away-from-home tissue products. Resolute Tissue's Harmony® Pro high-quality paper towels and bath tissue couple softness with value, giving you the perfect balance of performance and price. You'll see and feel the Harmony Pro difference.

But there's more to Harmony Pro than meets the eye.

Unique embossing and the latest paper technology produce a soft, touchable feel that consumers desire. Since Resolute is vertically integrated, we have full control over the pulp and fiber used to make our products. This means we can consistently deliver high-quality products, while ensuring our production is sustainable.

At Resolute Tissue, we pride ourselves on producing a quality product with a great value.

And that is not something we take lightly.

### Who We Are

Resolute Forest Products is a global leader in the forest products industry, and our diverse range of products, including towel, tissue, wood products, newsprint, market pulp, and specialty papers, which are marketed in close to 70 countries. The company owns or operates some 40 manufacturing facilities, as well as power generation assets, in the United States and Canada.

Resolute maintains 100% forest management and chain of custody certifications to internationally recognized standards such as Sustainable Forestry Initiative® (SFI®), Programme for the Endorsement of Forest Certification (PEFC), American Tree Farm System® (ATFS®) and Forest Stewardship Council® (FSC®). This ensures all the fiber we process comes from responsible sources.

We are proud to have received regional, North American and global recognition for our leadership in corporate social responsibility and sustainable development, as well as for our business practices.

Resolute Tissue, a business of Resolute Forest Products, operates four paper machines and 12 converting lines in Calhoun (Tennessee), and in Hialeah and Sanford (Florida). We produce branded and private-label products for at-home and away-from-home channels, and offer both virgin and recycled products, covering a wide range of grades.
