

HARMONY[®] PRO: A BALANCE OF SOFTNESS AND VALUE

With Harmony[®] Pro, customers do not have to choose between quality and cost – or between quality and the environment. Our high-quality paper towels and bath tissue couple softness with value, giving the perfect balance of performance and price.

Now, the internally manufactured Harmony Pro line of Away from Home tissue and towel products carries the SFI[®] Certified Sourcing label on each package. This certifies that the fiber used in these products comes from a company that is certified to the SFI Certified Sourcing standard. With this fiber certification, the choice is made even easier.

Since Resolute is a vertically integrated producer, we have full control over the pulp and fiber used to make our products. This means we can consistently deliver high-quality products, while ensuring our production and procurement of fiber is sustainable.
